

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

CRS  
Docket No: 8435-00  
2 July 2001

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 27 June 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Marine Corps for four years on 29 January 1975 at age 19. The record reflects that you received four nonjudicial punishments and were convicted by a special court-martial. The offenses included unauthorized absences totalling 33 days, absence from your appointed place of duty on five occasions, disrespect, assault, and damaging a window screen.

On 17 May 1978 you submitted a written request for an other than honorable discharge in order to avoid trial by court-martial for unauthorized absences totalling 108 days, disrespect on two occasions, failure to obey a lawful order, and making a false official statement. Prior to submitting this request you conferred with a qualified military lawyer at which time you were advised of your rights and warned of the probable adverse consequences of accepting such a discharge. Your request was granted and, as a result of this action, you were spared the stigma of a court-martial conviction and the potential penalties

of a punitive discharge and confinement at hard labor. You received an other than honorable discharge on 8 June 1978.

In its review of your application the Board carefully weighed all potentially mitigating factors, such as your youth and immaturity and the other contentions you made in the attachment to your application. However, the Board concluded that these factors were not sufficient to warrant recharacterization of your discharge given your request for discharge to avoid trial for unauthorized absences totalling over three months. The Board also noted your five prior disciplinary actions, and the fact that your lost time due to unauthorized absences and confinement totalled more than eight months. The Board believed that considerable clemency was extended to you when your request for discharge to avoid trial by court-martial was approved since, by this action, you escaped the possibility of confinement at hard labor and a punitive discharge. Further, the Board concluded that you received the benefit of your bargain when your request for discharge was granted and should not be permitted to change it now. Therefore, the Board concluded that no change to the discharge is warranted. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER  
Executive Director
