

RECORD OF PROCEEDINGS
AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

NOV 13 1998

IN THE MATTER OF:

DOCKET NO: 98-00676

COUNSEL: None

HEARING DESIRED: No

[REDACTED]
[REDACTED]

Applicant requests his reenlistment eligibility (RE) code 2C (Involuntarily separated under AFR 39-10 with an honorable discharge or entry level separation without characterization of service) be changed to RE-1 which would allow him to join the U.S. Navy. Applicant's submission is at Exhibit A.

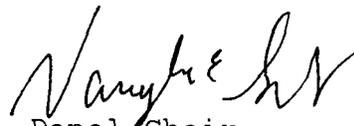

The appropriate Air Force offices evaluated applicant's request and provided advisory opinions to the Board recommending the application be denied (Exhibit C). The advisory opinions were forwarded to the applicant for review and response (Exhibit D). As of this date, no response has been received by this office.

After careful consideration of applicant's request and the available evidence of record, we find insufficient evidence of error or injustice to warrant corrective action. The facts and opinions stated in the advisory opinion appear to be based on the evidence of record and have not been rebutted by applicant. Absent persuasive evidence applicant was denied rights to which entitled, appropriate regulations were not followed, or appropriate standards were not applied, we find no basis to disturb the existing record.

Accordingly, applicant's request is denied.

The Board staff is directed to inform applicant of this decision. Applicant should also be informed that this decision is final and will only be reconsidered upon the presentation of new relevant evidence which was not reasonably available at the time the application was filed.

Members of the Board Mr. Vaughn E. Schlunz, Mr. Richard A. Peterson, and Mr. Patrick R. Wheeler considered this application on 29 September 1998 in accordance with the provisions of Air Force Instruction 36-2603 and the governing statute, 10 U.S.C. 1552.

SUBJECT: Application for Correction of Military Records 

Applicant's entire case file has been reviewed and is forwarded with the following findings, conclusions and recommendations.

REQUESTED ACTION: The applicant requests a change in his reenlistment code from 2C to RE-I to allow him to enter the Navy.

FACTS: The applicant received an entry level separation for fraudulent enlistment on 14 August 1991, which reason was later changed to Erroneous Enlistment on appeal to the Air Force Discharge Review Board (AFDRB) on 14 February 1992. The separation came about because of the applicant's failure to complete basic training requirements at which time his past history of treatment for Attention Deficit Hyperactivity Disorder was revealed. Although treatment had apparently stopped some 3 years before the applicant came on active duty, his examining psychiatrist at Lackland AFB felt his failure to integrate into the military role likely was a residual effect of this disorder.

DISCUSSION: Although the AFDRB concluded that there was no fraud involved in the applicant's entry to the Air Force (with an appropriate separation program designator code change being made), the reenlistment code was proper for the entry level uncharacterized service rendered, and cannot be changed as the applicant requests. The fact remains that he was separated within the first 6 months of entry, a situation calling for such a reentry code under directives that implement the law.

RECOMMENDATION: The BCMR Medical Consultant is of the opinion that no change in the records is warranted and the application should be denied.
