MEMORANDUM FOR AFBCMR

FROM: HQ AFPC/DPPPO

SUBJECT: Application for Correction of Military Record [REDACTED]

Requested Action. Applicant requests change in captain date of rank and nullify the nonselection for promotion by the CY98 Major Line (LAF) Central Selection Board.

Discussion. HQ AFPC/DPPAOR, Service Verification, memorandum 23 Jul 98, supports applicant's request based on provisions at the time of the applicant's acceptance to the Recall Program and the subsequent implementation of DoD Directive 1310.1, *Rank and Seniority of Commissioned Officers*.

Recommendation. Approval.

Summary. Recommend Board approve applicant's request to change his date of rank of captain from 11 Feb 91 to 23 Oct 92. Recommend Board declare void the applicant's nonselection for promotion to major from the CY98 Major Line of the Air Force Central Selection Board.

POC: Chief Foley, DSN 487-5785.

Upon implementation of DOD Directive 1310.1, Rank and Seniority of Commissioned Officers, effective 1 Oct 96, all reserve officers on the Reserve Active Status List in transition from the reserves to active duty, would retain the date of rank they held in their reserve unit. Therefore, we changed Captain [REDACTED] date of rank from 23 Oct 92 to 11 Feb 91, the same date of rank he held in the reserves (Atch 1). This means he is was IPZ to major in CY 1998 which is earlier than he had understood when he accepted recall.

Captain [REDACTED] claims that this change will force him to compete for promotion with active duty officers who have had professional development opportunities he has not had as a member of the reserves. He also states that retaining his original date of rank will make it almost impossible for him to catch up with his active duty counterparts and he will not have to opportunity to establish a competitive military record. This may have detrimental effect on his future Air Force career.

We understand his concerns, and feel he should be allowed to maintain the 23 Oct 92 date of rank. Captain [REDACTED] accepted recall in response to the Air Force need for specific rated officers with consideration of his promotion chances to major.

A. REISSUANCE AND PURPOSE

This Directive:

1. Reissues reference (a).
2. Implements Sections 541, 620, 641, 741, 2106, and 2107 of reference (b) to establish policies governing the determination of the dates of rank and precedence of commissioned officers on the Active Duty List.
3. Implements Sections 12207, 12320, 14002, 14003, and 14317 of reference (b) to establish policies governing the determination of the dates of rank and precedence of commissioned officers on the Reserve Active Status List.

B. APPLICABILITY

This Directive applies to the Office of the Secretary of Defense and the Military Departments.

C. DEFINITIONS

1. **Active Duty List.** A single list for the Army, the Navy, the Air Force, or the Marine Corps that is required to be maintained under Section 620 of reference (b) and that contains the names of all officers of that Military Service other than officers described in Section 641 of reference (b) who are serving on active duty.

9801947

2. Commissioned officer. An **officer** in any of the Military Services who holds a grade and office under a commission signed by the President, and who is appointed as a Regular or Reserve officer. It does **not** include a commissioned **warrant officer** or a retired **commissioned officer**.

3. Reserve Active Status List. A single list for the **Army**, the **Navy**, the **Air Force**, or the **Marine Corps**, required to be maintained under Section 14002 of 10 **U.S.C.** (reference (b)), which contains the names of all officers of that **Armed Force**, except **warrant officers** (including **commissioned warrant officers**) who are in an active status in a Reserve component of the **Army**, the **Navy**, the **Air Force**, or the **Marine Corps** and are not on an Active **Duty** List.

4. Service Academies. **United States Military Academy**, **United States Naval Academy**, and **United States Air Force Academy**.

D. POLICY

1. General. It is the policy of the Department of **Defense** to ensure, to the maximum extent practicable, that the relative seniority of commissioned **officers** who are placed on the Active **Duty List** or **Reserve Active Status List** is determined uniformly and equitably among the **Military Services**.

2. Commissioned Officer Grades. Among the grades listed below, the grades of general and admiral are equivalent and are senior to other grades; the grades of second lieutenant and ensign are equivalent and are junior to other grades.

<u>Army, Air Force, and Marine Corps:</u>		<u>Navy</u>
General		Admiral
Lieutenant General		Vice Admiral
Major General		Rear Admiral
Brigadier General		Rear Admiral (lower half)
Colonel		Captain
Lieutenant Colonel		Commander
Major		Lieutenant Commander
Captain		Lieutenant
First Lieutenant		Lieutenant (junior grade)
Second Lieutenant		Ensign

3. Equivalent Grade Ranking. Rank among commissioned officers of the same grade or of equivalent grades is determined by comparing dates of rank. An officer whose date of rank is earlier than the date of rank of another officer of the same or equivalent grade is senior to that officer, except for the **Chairman** and the **Vice Chairman**, **Joint Chiefs of Staff**, who respectively outrank all other officers of the **Armed Forces**.

4. Date of Rank of Regular Officers Other Than Academy Graduate. Except as provided in subsection D.6., below, the date of rank of a person originally appointed as a regular commissioned officer in the **Army**, **Navy**, **Air Force**, or **Marine Corps** is the date of that appointment unless:

9801947

a. **The appointee was.** at the time of appointment, a Reserve officer on the Active **Duty** List, in which **case** the date of rank is the **same** as that which the officer held immediately **before** his or her appointment **as a regular officer**;

b. **The appointee was.** at the time of appointment, a Reserve officer **not** on the Active Duty List, in which **case** the **date of rank** is the **same** as that which the **officer would have held** immediately before appointment **as a regular officer** had the officer been **serv**ing on the Active **Duty** List **as a Reserve officer** on the date of appointment **as a regular officer**; or,

c. The appointee **is** credited with service credit, in **which case** the date of rank shall be **adjusted to an** earlier date to the extent that the **service credit awarded** is in **excess** of that required for the **officer's appointment** grade under DoD Directives **1320.7, 1312.2, & 1312.3** (reference **(c), (d), or (e)**).

5. Date of Rank for Officers in Transition to and from the Reserve Active Status List and Active Duty List. A Reserve component officer ordered to active duty and placed on the Active Duty List in the Army, Navy, **Air Force**, or Marine **Corps** maintains his or her rank and date of rank under Section 741(d)(3) of 10 **U.S.C.** (reference **(b)**).

a. Effect of Placement on Active Duty List. An officer on the Reserve Active **Status** List and on a promotion list as a result of selection for promotion by a mandatory promotion board or a special selection board and who before **being** promoted is placed on the Active Duty List of the **same** Armed Force and placed in the same competitive category, shall be placed on an appropriate promotion list for officers on the Active Duty List under Section 14317(b) of reference (b). The effective date of promotion and **date of rank** shall be the **same** as if the officer had been **se-**lected to the grade concerned by the promotion board for Active Duty List officers.

b. Officers on a Promotion List Removed from the Active Duty List. An officer on the Active **Duty** List and on a promotion list as a result of selection for promotion and who before being promoted is removed **from** the Active **Duty** List and placed on the Reserve Active Status List of the same **Armed** Force and in the same competitive category (including a Regular **officer** who on removal **from** the Active Duty List is **appointed** as a Reserve officer and placed on the Reserve Active Status List) shall be placed on an appropriate promotion list pursuant to Section 14317(c) of reference (b). The effective date of promotion and **date of rank** shall be the **same** as if the officer had been selected to the grade concerned by the promotion board for Reserve **Ac-**tive **Status** List officers. If the Secretary of the Military Department concerned determines circumstances **exist** such that an **inequity** would result in following the foregoing **method** in determining **date of rank**, he or she **may set** the date of rank,

c. Transition Provision for Officers on the Reserve Active Status List Selected for Promotion before October 1, 1996 but not yet Promoted as of that Date. These officers will be treated as if they had been selected by a promotion board under Section 14101(a) of reference (b). They will be promoted with a date of rank as determined by the **Secretary** of the Military Department concerned such that they **are** senior to those **officers** selected by a subsequent **man-**datory promotion board.

6. Date of Rank for Second Lieutenants or Ensigns Appointed in May or June. The date of rank of second lieutenants or ensigns appointed under Section 2106 or 2107 of 10 U.S.C. (reference (b)) in May or June of any year who enter active duty during either of those months is the date that the class of cadets or midshipmen was graduated from the United States Military Academy, the United States Naval Academy, or the United States Air Force Academy, as the case may be, in that year. Such appointees who enter active duty before the graduation date of the appropriate Service Academy may take precedence over academy graduates. Within such groups of Section 2106 or 2107 of reference (b) appointees, distinguished military graduates may take precedence. In these cases, tiebreakers described in subsection D.7., below, apply.

7. Ranking Officers with the Same Grade and Date of Rank. Graduates of Service Academies shall be placed initially on the Active Duty List of their Military Service in order of their class standing at the Service Academy from which graduated. As an exception, academy graduates appointed in another Military Service under Section 541 of reference (b) shall be placed on the Active Duty List of the gaining Military Service by integrating their class standing into the class standings of the graduates of the academy of the gaining Military Service. All other officers who have the same or equivalent grades and the same date of rank shall rank in order of seniority based on the following criteria:

- a. Previous grade's date of rank or, if the same, the date of rank in an earlier grade.
- b. Previous active duty grade relative seniority (if applicable).
- c. Total active commissioned service.
- d. Total Federal commissioned service or date of appointment as a commissioned officer.
- e. Further differentiation as established by the Secretary of the Military Department concerned.

8. Temporary Appointments or Grades Held by Reason of Assignment. A commissioned officer whose position on the Active Duty List or Reserve Active Status List results from service in a temporary appointment or in a grade held by reason of assignment has, when that appointment ends, the grade and position on the Active Duty List or Reserve Active Status List that he or she would have held had he or she not received that appointment or assignment.

E. RESPONSIBILITIES

1. The Under Secretary of Defense for Personnel and Readiness shall exercise cognizance and oversight of policies involving rank and seniority of commissioned officers.

2. The Secretaries of the Military Departments shall:

- a. Comply with the policies and procedures prescribed herein.

b. **Ensure** compliance with the transition provisions of Sections 1681 through 1693 of reference (f).

c. **Recommend** policy changes to this Directive to the Under Secretary of Defense for Personnel and Readiness.

F. EFFECTIVE DATE

This Directive is effective immediately for officers on the Active Duty List, and on October 1, 1996, for officers on the Reserve Active Status List or in transition to and from the Active Duty List and the Reserve Active Status List.

9. I BELIEVE THE RECORD TO BE IN ERROR OR UNJUST IN THE FOLLOWING PARTICULARS:
When recalled to Active Duty on the EAD program, I was told I would carry my Reserve date of rank with me onto Active Duty. Eight months after returning to Active Duty, I was notified my DOR was realigned to the previous Active Duty date I had prior to separating from Active Duty in 1992. This realigned date placed me in a year group primary for Major promotion earlier than agreed upon with my return to Extended Active Duty. The new date forced me to meet my primary Majors selection board with only 17 month on Active Duty; an unacceptable situation I would NOT have returned to Active Duty to encounter.

MEMORANDUM FOR THE CHIEF OF STAFF

Under the authority of Section 1552, Title 10, United States Code and Air Force Instruction 36-2603, and having assured compliance with the provisions of the above regulation, the decision of the Air Force Board for Correction of Military Records is announced, and it is directed that:

The pertinent military records of the Department of the Air Force relating to [REDACTED] be corrected to show that:

a. On 27 October 1996, he was voluntarily ordered to extended active duty in the grade of captain, with a date of rank of 23 October 1992, rather than 11 February 1991.
