

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

TRG

Docket No: 10858-02
28 January 2002

[REDACTED]

[REDACTED]

This is in reference to your application, DD Form 149, dated 24 December 2002.

You contended in your application that because your initial request to be discharged on 1 January 2003 and your request to resign your commission effective 1 February 2003 were not processed in a timely manner you will not be discharged until 1 March 2003. You were concerned that because of this delay you will be caught in a stop loss situation and may be recalled to active duty. Therefore, you requested that the Board take action to discharge you effective 1 January or, in the alternative, on or before 1 February 2003.

The stop loss message is dated 7 January 2003 and precluded the discharge of officers with an approved separation date after 15 January 2003. Since your formal request to be discharged on 1 February 2003 is controlling, you became subject to the stop loss even if your 1 February 2003 date had been approved. Therefore, on 14 January 2003, the Board denied your request for a change in the discharge date.

Subsequently, you informed the examiner assigned to your case that Headquarters Marine Corps had expedited your discharge request and has discharged you effective 14 January 1993. Since you have been discharged, further action by the Board is not required and your case is hereby closed administratively.

Sincerely,

W. DEAN PFEIFFER
Executive Director
